

The **Faculty of Science** invites applications for an appointment with **tenure** at the rank of **Associate Professor** to serve as the **Director of the Environmental Science Program**. The appointment will preferably commence on **July 1, 2018**. The Directorship appointment is a five-year term, renewable based on successful performance.

Environmental Science Program at the University of Calgary is a joint program offered by the Faculty of Science and the Faculty of Arts leading to a BSc in Environmental Science. Students in the program focus their studies in one of six areas of specialization (Biological Sciences, Chemistry, Geography, Geology, Physics and Statistics). For more information about the program please visit the following [website](#). The program is accredited by [EcoCanada](#).

The successful candidate will have:

- PhD and field experience in hydrology, hydrogeology, biogeochemistry, soil science or related sciences.
- Enthusiasm for developing and leading environmental science field courses.
- Evidence of teaching excellence and teaching development.
- Passion for multidisciplinary, inquiry-based and community-based approaches to learning.
- Ability to work effectively with individuals from diverse communities and cultures.
- Demonstrated leadership record including program administration, mentoring/coaching of academic staff and students, managing change and working effectively within a leadership team.

The Environmental Science Program aims to be a leading contributor to the University of Calgary's Academic Plan particularly in connecting communities and driving innovation, and through supporting its Sustainability Strategy and Indigenous Strategy.

The successful candidate will be appointed with tenure at the rank of Associate Professor with salary commensurate with experience. Undergraduate teaching and learning and Environmental Sciences program development are critical areas of the portfolio.

In addition to the qualifications above, a candidate appointed with tenure at the rank of Associate Professor requires evidence of teaching effectiveness, recognized research attainment or equivalent professional attainment, and a satisfactory record of service.

Applications must include a cover letter, curriculum vitae, and teaching dossier (including statements of teaching philosophy and educational leadership statements, teaching evaluations). The applicant must provide the names and contact information of three references.

Applications should be sent via email in a pdf format and addressed to:

Dr. Cindy Graham, Vice-Dean, Faculty of Science
University of Calgary,
2500 University Dr NW, Calgary, Alberta, T2N 1N4
Email: scidean@ucalgary.ca.

Applications will be reviewed starting **April 2, 2018** until the position is filled. The University of Calgary respects, appreciates, and encourages diversity.

In support of the University of Calgary's promotion of a diverse workforce, the Faculty of Science is committed to showing leadership in diversity, equity and inclusion and nurturing a healthy and respectful workplace environment for all.

The University of Calgary recognizes that a diverse staff/faculty benefits and enriches the work, learning and research experiences of the entire campus and greater community. We are committed to removing barriers that have been historically encountered by some people in our society. We strive to recruit individuals who will further enhance our diversity and will support their academic and professional success while they are here. All qualified candidates are encouraged to apply; however Canadians and permanent residents will be given priority. In this connection, at the time of your application, please answer the following question: Are you a Canadian citizen or a permanent resident of Canada? (Yes/No)
